**WEBINAR ON THE SOUTH  
AMERICAN PALM WEEVIL**

# PROTECTING CALIFORNIA'S PALMS

**SEPTEMBER 14, 2023 | THURSDAY, 10 AM**

Join us for an informative webinar on the South American palm weevil (SAPW), featuring Dr. Mark Hoddle, Biological Control Specialist, and Principal Investigator, as well as the head of the Applied Biological Control Research Center at UC Riverside. This webinar is not to be missed for anyone interested in or working with urban forests from San Diego through to LA, Orange County, and anywhere in California where palms thrive.
